Welcome Message

In June 2025 the IIW Annual Assembly and International Conference will be held in Genoa, Italy. IIS - Istituto Italiano della Saldatura, the Italian Institute of Welding - will host this event of global importance in a wonderful atmosphere, giving the international welding and allied technologies community a chance to meet the Italian industry members and try out Italian culture, hospitality, arts, and food, combined in this unique city.

The history of Genoa is a mixture of democracy (it was one of the first Republics in the world), commerce (Genoese merchants sailed across the world), and finance (the first bank was established in 1407), that has always been open to influences from different cultures. In the modern age, the city has been boosting the industrial culture in Italy, which originated in the industrial triangle between Milan, Turin and Genoa. Nowadays Genoa is a dynamic city aspiring to become the cradle of new technologies, as well as offering the highest quality of life thanks to its size, climate, and atmosphere.

The IIS has selected as this year's venue the old harbor district, right on the coast and recently renovated to create a unique working and leisure environment. The IIS has also designed a programme of wonderful events to accompany the IIW ceremonies, including concerts and a visit to the biggest aquarium in Europe.

Participants and accompanying persons will enjoy the city, where all the main attractions are within walking distance: old palaces, small shops, local attractions, fine arts and typical food and wines. A short distance away by train or bus are the most beautiful attractions of the "Riviera", such as Portofino, the "5 Terre" (five villages almost uncontaminated by modernity), as well as many pleasant beaches and seaside villages.

Finally, the International Conference will be held in conjunction with the Italian national welding days (GNS), an amazing event that brings together more than 1,500 participants from all over the country every other year. This is also a unique opportunity to make new contacts with Italian industry partners and to expand perspectives for the world of welding.

In short, you cannot miss this opportunity to let your business and family meet Italian hospitality in Genoa!

Michelangelo Mortello
Head of Local Organizing Committee

REGISTRATION

Types of Registration

It's possible to register to both events (Annual Assembly & International Conference) or even just to the International Conference (& GNS 13) only. Categories to be registered include professionals, young professionals, students and accompanying persons.

Registrations can be made in two ways:

- **Individual Registration:** for single participants.
- **Group Registration:** allows registration for groups of participants (10 or more).

How to Register

To complete individual registration, we invite you to use the official link <https://iiw2025.com/registrations/>. By accessing the platform, you can choose the type and mode of registration that best suits your needs and complete payment in just a few steps. For group registrations or whether you are an IIS Associate, you can more easily write to the address registrations@iiw2025.com.

Important Note: Participation does not require the obligation to present a technical contribution. If, however, for your own/internal reasons, your participation is conditioned by the presentation of a technical contribution, we invite you to send it as soon as possible for review.

Hotel reservations may be made through the link <https://iiw2025.com/hotels/>

INFO: info@iiw2025.com

CALL FOR TECHNICAL CONTRIBUTIONS

Submissions are invited in the following categories:

- Contributions to one of the technical commissions within the Annual Assembly.
- Contributions for the International Conference, themed “Welding and Joining: Hydrogen Applications and Energy Transition”
- Contributions for the Symposium, themed “Intelligent Manufacturing” (including digitalization of manufacturing processes, Additive Manufacturing, advanced inspection techniques, and all digital enabling technologies)

Submission Procedure:

- **New users:** Register here: <https://iiwelding.org/registration/>. After registration, submit your work by clicking <https://iiwelding.org/about-iiw/submit-your-work-to-iiw-aa-and-ic/>.
- **Registered users:** Log in here: <https://iiwelding.org/login/>, then proceed to submit your work by clicking <https://iiwelding.org/about-iiw/submit-your-work-to-iiw-aa-and-ic/>.

Alternatively, once you logged in on the Homepage <https://iiwelding.org/>, go to the "Join IIW" menu, select "Submit your work to IIW" and then click the "Submit your work to IIW Annual Assembly and International Conference" button at the bottom of the page.

Session	Deadline
Abstract for Annual Assembly Technical Commission	31 st March 2025
Abstract for Symposium	31 st March 2025
Abstract for International Conference	31 st March 2025

IIW COMMISSIONS

- C-I Additive manufacturing, Surfacing and Thermal Cutting
- C-II Arc welding and filler metals
- C-III Resistance Welding, Solid State Welding and Allied Joining Processes
- C-IV Power Beam Processes
- C-V NDT and Quality Assurance of Welded Products
- C-VI Terminology
- C-VII Microjoining and Nanojoining
- C-VIII Health, Safety and Environment
- C-IX Behaviour of Metals Subjected to Welding
- C-X Structural Performances of Welded Joints - Fracture Avoidance
- C-XI Pressure Vessels, Boilers and Pipelines
- C-XII Arc Welding Processes and Production Systems
- C-XIII Fatigue of Welded Components and Structures
- C-XIV Education and Training
- C-XV Design, Analysis, and Fabrication of Welded Structures
- C-XVI Polymer Joining and Adhesive Technology
- C-XVII Brazing, Soldering and Diffusion Bonding
- C-XVIII Quality Management in Welding and Allied Processes
- C XIX Physics of Welding and Joining

NEWS: Extended Deadline for Early Bird Registrations: March 31, 2025

Individual Registration

Registration Category	Early Bird [€] By March 31, 2025	Late Registration [€] After March 31, 2025
Full Registration (Annual Assembly & International Conference)	1245	1430
Full Registration (Annual Assembly & International Conference) – Young Professionals/Students (under 36)	620	720
Accompanying Person (IIW)	440	490
International Conference & Giornate Nazionali di Saldatura GNS 13	685	780
International Conference & Giornate Nazionali di Saldatura GNS 13 – Young Professionals (under 36)	340	390
International Conference & Giornate Nazionali di Saldatura GNS 13 – Students (under 36)	270	305

All prices are VAT included.

YP and Students Fees are eligible only to participants under 36.

Genoa is waiting for you...

HISTORIC CENTRE

Historic Centre of Genoa is one of the most extended medieval Historic Centre of Europe.

ANCIENT PORT

The ancient portual area was redesigned by Renzo Piano in 1992 for the 500th of the Columbus's discovery anniversary.

MUSEUMS

The museum offer in Genoa is articulated and varied: next to the system Musei del Comune di Genova there are Museo di Palazzo Reale and Galleria Nazionale di Palazzo Spinola.

GENOA

Genoa (*Zêna*) is one of the most important ports on the Mediterranean, nicknamed *la Superba*. It is the birthplace of Columbus, Andrea Doria, Niccolò Paganini, Giuseppe Mazzini, Renzo Piano.

ROLLI

Rolli are a series of prestigious building. They were declared UNESCO World Heritage and includes 42 Rolli buildings.

AQUARIUM

The Aquarium of Genoa is the largest exhibition of aquatic biodiversity in Europe, with over 15,000 animals.

FOOD

Olive oil, vegetables and aromatic herbs are the basis of the local cuisine, simple and balanced, whose most famous specialties are pesto and focaccia.
